

Attendance data collection:
26 May 2023 to 16 June 2023 for secondary schools and
24 July 2023 to 15 September 2023 for primary schools

The collection of attendance data for the 2022/2023 academic year

Specification for software suppliers

Date of issue: 08 June 2023

Version: 4.0

Audience	Software suppliers of school information management systems.
Overview	This document is provided by the Welsh Government as a specification to support the above audience in developing their school information management systems to ensure that schools in Wales are able to submit data required to comply with statutory duties.
Action required	For schools in Wales to be able to comply with statutory duties in supplying the required data returns, the Welsh Government recommends that software suppliers of school information management systems that have customers in Wales take full consideration of this specification document when developing their systems.
Further information	Enquiries about this document should be directed to: Information Management Strategy Data Collections Team School Information and Improvement Branch Education Directorate Welsh Government Cathays Park Cardiff CF10 3NQ Tel: 0300 062 5014 E-mail: IMS@gov.wales  @WG_Education  @EducationWales
Additional copies	This document can be accessed from the SDF pages of DEWi .
Related documents	The Validation CBDS 2223.3.0 (or latest available thereafter) and Modular CBDS 2223.1.1 (or latest version available thereafter) should be used in conjunction with this specification.

1. Change log

Version 0.1

Released 1 November 2022

Issue 1	Specification needed for Attendance Summer 2023 collection: initial draft
	Rolled all appropriate dates forward, including date of birth and age ranges.

Version 0.2

Released 28 November 2022

Issue 2	Review of term dates
	Term dates updated to reflect the 2022/23 academic year.

Version 0.3

Released 30 November 2022

Issue 3	Updates to term dates
	Term dates updated to reflect the 2022/23 academic year.

Version 1.0

Released 07 February 2023

Issue 4	Baselined version
	The specification document is being baselined into a finalised version 1.0.

Version 2.0

Released 04 May 2023

Issue 5	Dates updated
	Date on the cover sheet updated to the correct dates of 26 May – 9 June 2023, for secondary schools.

Version 3.0

Released 10 May 2023

Issue 6	Dates updated
	Dates for secondary schools updated to 26 May 2023 – 16 June 2023. Dates for primary schools updated to 24 July 2023 – 15 September 2023

Version 4.0

Released 08 June 2023

	Summary Reports dates updated
Issue 7	Summary report period dates updated to: Primary – 1 September 2022 to 24 July 2023 Secondary – 1 September 2022 to 26 May 2023

2. Introduction

The Welsh Government is keen to tackle poor attendance rates. A sound and sufficiently detailed evidence base are vital to support this aim. Robust use of data and self-evaluation are at the heart of the Government's improvement agenda.

To support this agenda, we introduced data collection at individual code level in 2012.

For each pupil included in the collection for 2022/23 we will again require the number of sessions recorded against each valid code.

2.1 Who is required to return attendance data?

All mainstream secondary schools in Wales will be required to provide electronic, pupil level attendance data in May and June 2023 relating to the academic year 2022/23.

All mainstream primary schools in Wales will be required to provide electronic, pupil level attendance data in September 2023 relating to the academic year 2022/23.

Aggregate attendance data are collected from special schools via a separate survey. This is outside of the scope of this specification.

Attendance data for pupils who are boarders should be returned in the same way as for all other pupils; a code is expected to be recorded against each possible session irrespective of whether the pupil is boarding.

2.2 When is attendance data required?

Secondary schools

Attendance data is required for the period **1 September 2022** up to and including Friday **26 May 2023**.

Schools must submit their completed returns to the DEWi system no later than Friday **16 June 2023**. However, local authorities should set earlier deadlines so that they can check the return before sending it to the Welsh Government.

Pupil data included in the return, other than attendance data, should be taken as at the time of the last possible session for that pupil, within the reporting period. If the pupil has left, the data should be taken as at the day of their last possible session; if the pupil is still on roll at the end of the reporting period, then the data should be taken as at the last session in the reporting period.

Term dates are as follows:

Autumn: from 1 September 2022 to 23 December 2022

Spring: from 9 January 2023 to 31 March 2023

Summer: 17 April 2023 to 24 July 2023

Primary schools

Attendance data is required for the period covering the entire 2022/23 academic year, or **1 September 2022** to **24 July 2023**.

Schools must submit their completed returns to the DEWi system no later than Friday **15 September 2023**. However, local authorities should set earlier deadlines so that they can check the return before sending it to the Welsh Government.

Pupil data included in the return, other than attendance data, should be taken as at the time of the last possible session for that pupil, within the reporting period. If the pupil has left, the data should be taken as at the day of their last possible session; if the pupil is still on roll at the end of the reporting period, then the data should be taken as at the last session in the reporting period.

Term dates are as follows:

Autumn: from 1 September 2022 to 23 December 2022

Spring: from 9 January 2023 to 31 March 2023

Summer: from 17 April 2023 to 24 July 2023

2.3 Which pupils are included in the return?

Data is required for all pupils of statutory school age who have been on roll during the reporting period and for whom registration status is **M**, **C** or **S**. Leavers within the academic year being reported on should also be included. No data should be provided for Guest pupils.

Secondary schools

All pupils of statutory school age who are, or have been, on roll in the establishment during the period **1 September 2022** up to and including Friday **26 May 2023**. This includes:

- Pupils on roll on 26 May 2023 who, on 31 August 2022, were aged 5 or older (date of birth on or after 31 August 2017) and 15 or younger (date of birth on or after 1 September 2006)
- Pupils who have been on roll at any time during the period 1 September 2022 up to and including Friday 26 May 2023 but have left the school as of 26 May 2023.

Primary schools

All pupils of statutory school age who are, or have been, on the school roll in the reporting establishment during the period **1 September 2022** to **24 July 2023**. This includes:

- Pupils on roll on 24 July 2023 who, on 31 August 2022, were aged 5 or older (date of birth on or before 31 August 2017) and 15 or younger (date of birth on or after 1 September 2006).
- Pupils who have been on roll at any time during the period 1 September 2022 up to and including 24 July 2023 but have left the school as of 24 July 2023.

2.4 How is the data to be used?

Collecting data at an individual pupil level enhances the accuracy of data and enables more sophisticated matching and analysis of data.

Attendance data will be used to generate statistical analyses of attendance levels in schools, local authorities and across Wales. The data will be used to generate performance indicators at local authority level.

Data will be matched to pupil records and used in the All-Wales Core Data Sets. The data sets are delivered to schools and local authorities as useful contextual analysis tools for consideration of accountability and planning within a school's individual circumstances.

At no point will individual pupil records of attendance be published.

All data is Common Basic Data Set (CBDS) compliant, and the extensible markup language (XML) message structure file contains references to Modular CBDS items.

2.5 XML tools

As already agreed, to reduce burdens on software suppliers and enhance consistency of validation application across suppliers' and Welsh Government systems, the Welsh Government will provide several XML tools for optional use by suppliers. Please see the extensible stylesheet language tools (XSLT) design specification for requirements for, and further details on, implementing the XSLT in management information system (MIS) software.

XML schemas

XML schema definition (XSD) files will be provided for each return type which will define the content of the XML return.

XSLT validation

A set of XSLT applications will be provided to validate the census return files; these will replicate the validation rules specified for this collection. Section 7 of this specification lists the relevant Validation CDBS document for reference. The XSLT will produce HTML and XML error reports.

XSLT summary reporting

A further set of XSLT applications will be provided to process the XML data return and produce a school summary report; this will replicate the reports as set out in section 8 of this specification.

Production of XSD and XSLT

XML tools for this collection are due to be released in November 2022.

2.6 Use of UPNs in reporting in MIS software

When suppliers are designing reports for use by schools, they should note that schools are advised that generally the UPN should not appear in printed format. However, schools have had clear guidance that if this does happen, the printed document should be kept securely, and shredded as soon as it is no longer needed, in order to prevent inappropriate use or a breach of security.

2.7 Use of ULNs

The Welsh Government is facilitating the allocation of Unique Learner Numbers (ULNs) for pupils aged 14 and over in maintained schools in Wales. Suppliers' software should be able to accommodate a pupil's ULN, if provided. The ULN will be an important administrative tool which will bring benefits for learning providers and learners.

Further information and guidance on ULNs can be found at <http://gov.wales/topics/educationandskills/allsectorpolicies/learningrecordsservice/?lang=en>.

2.8 Temporary attendance codes during coronavirus pandemic

The Welsh Government have now ceased the use of the temporary attendance code from 1 September 2022. As a result, these codes should no longer be selectable by schools when marking their learners' attendance records from this date onwards, and in turn should not appear in the statutory data collection.

3. Summary of data fields to be returned

Note that this is representative of the modular groupings and order as per **Modular CBDS 2223.1.1.** (or latest version thereafter).

3.1 School level data modules

School Identifiers

Field name	Field length	XML tag	Field type	Sample data
LEA Number	3	<LEA>	Alphanumeric	660
School Number	4	<Estab>	Alphanumeric	4099
School Name	100	<Name>	Alphanumeric	Anglesey Comprehensive School
Phase	2	<Phase>	Alphanumeric	PS

Survey Details

Field name	Field length	XML tag	Field type	Sample data
Survey/Data Extraction Type	5	<Survey>	Alphanumeric	ATS
Survey Reference Date	10	<ReferenceDate>	Date	2023-05-19
Person Completing Survey	2	<CompleterRole>	Alphanumeric	SS
Survey Completion Time	3	<Hours>	Alphanumeric	05

3.2 Individual pupil level data

Pupil Identifiers

Field name	Field length	XML tag	Field type	Sample data
UPN (Unique Pupil Number)	13	<UPN>	Alphanumeric	A123981456002
ULN (Unique Learner Number)	10	<UniqueLearnerNumber>	Alphanumeric	8534567891
Former UPN	13	<FormerUPN>	Alphanumeric	A123456789012
Surname	35	<Surname>	Alphanumeric	Jones
Forename	35	<Forename>	Alphanumeric	Marc
Middle Name(s)	35	<MiddleName>	Alphanumeric	Iwan Owen
Date of Birth	10	<DOB>	Date	2009-03-31
Gender	1	<Gender>	Alphanumeric	M

Pupil Status

Field name	Field length	XML tag	Field type	Sample data
Enrolment Status	1	<EnrolStatus>	Alphanumeric	C
Date of Entry to Current School	10	<EntryDate>	Date	2019-09-01
Part-time Indicator	1	<PartTime>	True/False	0

Pupil NC Year Group*	2	<NCyearActual>	Alphanumeric	7
Pupil Postcode	8	<Postcode>	Alphanumeric	CF14 5DZ

*Pupil NC Year Group as of 20 May 2022 (final school day before the last half term of the academic year), or the leaving date of the pupil if no longer on roll at that time.

Attendance

Field name	Field length	XML tag	Field type	Sample data
Sessions Possible	3	<SessionsPossible>	Alphanumeric	220
Sessions Not Required to Attend	3	<SessionsNotRequiredToAttend>	Alphanumeric	10
/	3	<Attendance>	Alphanumeric	100
\	3	<Attendance>	Alphanumeric	100
L	3	<Attendance>	Alphanumeric	10
B	3	<Attendance>	Alphanumeric	10
D	3	<Attendance>	Alphanumeric	10
P	3	<Attendance>	Alphanumeric	10
V	3	<Attendance>	Alphanumeric	2
J	3	<Attendance>	Alphanumeric	20
W	3	<Attendance>	Alphanumeric	10
C	3	<Attendance>	Alphanumeric	5
F	3	<Attendance>	Alphanumeric	10
H	3	<Attendance>	Alphanumeric	10
I	3	<Attendance>	Alphanumeric	20
M	3	<Attendance>	Alphanumeric	20
S	3	<Attendance>	Alphanumeric	10
E	3	<Attendance>	Alphanumeric	10
R	3	<Attendance>	Alphanumeric	10
T	3	<Attendance>	Alphanumeric	10
N	3	<Attendance>	Alphanumeric	10
O	3	<Attendance>	Alphanumeric	1
G	3	<Attendance>	Alphanumeric	20
U	3	<Attendance>	Alphanumeric	20
X	3	<Attendance>	Alphanumeric	10
Y	3	<Attendance>	Alphanumeric	10
Z	3	<Attendance>	Alphanumeric	100
#	3	<Attendance>	Alphanumeric	100

NOTE: Any instances of the temporary [code **must** be mapped to and returned as **X**; and any instance of the temporary ; code **must** be mapped to and returned as **I**.

Leavers

Field name	Field length	XML tag	Field type	Sample data
Date of Leaving	10	<LeavingDate>	Date	2023-01-13

4. User requirements

4.1 Secondary schools

Data is required for all pupils of statutory school age who have been on roll during the academic year up to and including **Friday 26 May 2023**. This includes those currently on roll and those who have been on roll but left before the data collection period end date.

The data collection period is **1 September 2022** to **26 May 2023** inclusive.

The data collection file should provide details of the pupil's attendance record whilst at the reporting school.

Whether a pupil is reported as on roll or as a leaver is determined by their registration status as on the last day in the reporting period.

4.2 Primary schools

Data is required for all pupils of statutory school age who have been on roll during the 2022/23 academic year. This includes those currently on roll and those who have been on roll but left before the data collection period end date.

The data collection period is **1 September 2022** to **24 July 2023** inclusive.

The data collection file should provide details of the pupil's attendance record whilst at the reporting school.

Whether a pupil is reported as on roll or as a leaver is determined by their registration status as on the last day in the reporting period.

5. File naming convention

5.1 XML data extraction

Long file names will be used.

The file extension will be XML.

The file name shall be constructed from the following components:

- (a) Origin Identifier (7 digits)¹
- (b) Survey/Data Extraction Type (3 characters)²
- (c) Destination Identifier (7 characters)³
- (d) Serial Number (3 digits)⁴

The components should be separated by underscore characters (“_”).

An example of an **Attendance Collection** file from a **secondary** school to an LA would be:

6602050_ATS_660XX23_001.XML

where **23** are the last two digits of the academic year, and therefore appropriate to the secondary school attendance collection in Summer 2023, where **ATS** refers to the survey type for secondary schools.

An example of an **Attendance Collection** file from a **primary** school to an LA would be:

6602050_ATP_660XX23_001.XML

where **23** are the last two digits of the academic year, and therefore appropriate to the primary school attendance collection in September 2023, where **ATP** refers to the survey type for primary schools.

In both cases the total file name length = 27 characters.

For files not yet authorised by the school the file extension should be changed from ‘XML’ to ‘UNA’.

¹ For transfers from schools, the first 3 characters of the origin identifier will be the LEA code of the sending school and the final 4 characters will be the WG school number of the sending school. For transfers from LAs, the origin identifier will be the LEA code of the sending LA and the WG school number to identify the submission. For transfers from central organisations, the origin identifier will be the common abbreviation of the receiving organisation (e.g. WG, Estyn,) followed by “XXXX”.

² For Attendance Collection – Secondary, the survey type will be ATS. For Attendance Collection – Primary, the survey type will be ATP.

³ For transfers from schools to LAs, the destination identifier will be the LEA code of the receiving LA followed by “XX” and then “23” where “23” is the last two digits of the academic year. For transfers to central organisations, the destination identifier will be the common abbreviation of the receiving organisation (e.g. WG, Estyn) followed by sufficient “X”s to complete seven characters.

⁴ The first file in the series shall be “001”, the second “002” etc.

7. Validation rules

For validations for this collection please refer to [Validation CBDS 2223.3.0.xls](#) (or latest thereafter).

Unless otherwise stated, references to age relate to age as at **31 August 2022**.

Wherever possible, software should indicate to the user which pupil's record is causing the error message. We suggest listing at least **<UPN>**, **<Forename>**, **<Surname>**, and **<DOB>** for this purpose.

The Validation CBDS contains filters to help during development. Users of the spreadsheet can filter on the collection.

[Validation CBDS 2223.3.0.xls](#) (or latest thereafter) will be for use with summer collections from 2023 onwards.

8. Summary report

Each time a submission is created by the software, or edited by the school, the software should automatically generate a “school summary file”. The summary file will contain an annual summary of attendance, a breakdown by code and a breakdown by term. Reports for primary schools will cover all three terms. Reports for secondary schools will cover the autumn and spring terms in full and the first half of the summer term.

The Welsh Government will be providing a set of XSLT files to process the XML data and produce a school summary report. The reports as set out in this section are those produced by the XSLT.

This should be a formatted text file, with the attached content and layout, but the precise formatting is not specified. The main consideration is that the summary be easily readable both in the school and by the local authority, regardless of any difference between the software that generated it and that being used to read it.

Some references and notes (*italicised*) are included explaining the derivation of the numbers in the summary from the XML data submission (using, where appropriate, XML tags), where this may not be self-evident. These notes should not of course appear on the summary itself. Dates on the example reports below have been rolled forward but not marked as a change.

The summary file should be sent to the local authority as an automatic accompaniment to the data submission.

The purpose of the school summary is:

- to help the school staff preparing the return, and the head teacher authorising it, to assess at a glance its likely accuracy and completeness;
- to help local authority staff to do the same, and to make immediate comparisons with any other information which they already hold.
